3 Years	Moves purposefully from place to place with control	Sustains balance during simple movement experiences	Manipulates balls or similar objects with flexible body movements	<p><u>Uses fingers and hands:</u> Uses refined wrist and finger movements</p> <p><u>Uses writing and drawing tools:</u> Holds drawing and writing tools by using a three-point finger grip but may hold the instrument too close to one end</p>
PreK4	Coordinates increasingly complex movements in play and games	Sustains balance during complex movement experiences	Manipulates balls or similar objects with a full range of motion	<p><u>Uses fingers and hands:</u> Uses small, precise finger and hand movements</p> <p><u>Uses writing and drawing tool:</u> Holds drawing and writing tools by using a three-point finger grip but may hold the instrument too close to one end</p>
K	Coordinates increasingly complex movements in play and games	Demonstrates how to balance on different body parts (feet, hands, knees, elbows) at varying levels (e.g., up high, down low) while making different poses	Manipulates balls or similar objects, propelling them away from the body (throwing) and receiving and controlling them (catching) with increased accuracy	<p><u>Uses fingers and hands:</u> Uses small precise finger and hand movements</p> <p><u>Uses writing and drawing tools:</u> Uses three-point finger grip and efficient hand placement when writing and drawing</p>
1st	Uses a variety of traveling movements varying speed, pathways, and direction	Balances on different body parts (feet, hands, knees, elbows) at varying levels (e.g. up high, down low) while making different poses	Manipulates balls or similar objects, propelling them away from the body (throwing) and receiving and controlling them (catching) with increased accuracy	<p><u>Uses fingers and hands:</u> Uses smooth finger & hand movements</p> <p><u>Uses writing and drawing tools:</u> Uses three-point finger grip and efficient hand placement when writing and drawing</p>
